FYI. This was the result of an email I sent to Steve Bainbridge asking about the DW agreements and ACAT statements that the agreements are about to expire. I'm wondering if ACAT or the homeowners didn't see the "transition" letter and that has raised the concerns.

I will send you the email string from the "conversation" I had with Steve.

Steve,

We have three basic standard agreements for homeowners (water tank; bottled water; water treatment system). As you would expect, sometimes there needs to be adjustments due to property-specific situations, but those changes would be minor.

Pls let me know if there are questions.

Thanks

Dave

Dave / Marc,

Would you send me a copy of the agreement that has been signed by Flint Hills and the individual homeowners regarding the domestic water treatment systems ?

Thanks,

Steve
